Question 1: Read the passage about ‘The ant and the grasshopper’ and then answer the questions below. [____/10]

One bright summer day, a grasshopper was singing in a field. He saw an ant carrying food to its nest. “Why are you working so hard?” the grasshopper asked. “Come and enjoy the sunshine with me.” But the ant replied, “I am saving enough food for the winter. You should do the same challenge.”

The grasshopper laughed and kept playing. Days passed, and summer turned into autumn, then winter. Snow covered the ground, and there was no food to be found. The grasshopper was cold and hungry. He remembered the hardworking ant and felt sorry for not listening.

He went to the ant’s house and knocked on the door. “Please help me,” he said. The kind ant shared some food but reminded the grasshopper, “Next time, plan ahead.” The grasshopper was proud that the ant still helped him, even after he had made fun of her.

From that day on, the grasshopper worked hard and never forgot the lesson.
